

## What I want and need my home to be like.

We want to find out about the type of place you would like to live.

To do this we have lots of questions to ask you.

Your answers will help us to think about the type of place that you might want to move to.

It will help us to find some different choices that you might like.

This form is for you to use with someone who knows what you want and what you need.

They can support you to fill in this form and can help to tell us what is important to you.

On this form we ask you to give a number for each part to tell us how important it is. This is what the numbers mean:

5. Very important. I must have this in my community.

4. I would prefer it is in my community but I would be willing to talk about it.

3. I do not mind if it is my community or not.

2. I would prefer it is not in my community but I would be willing to talk about it.

1. Very important I must not have this in my neighbourhood.

**Thank you**
