ground floor plan

the drawing is the copyright of the job architect by and shall not be reproduced in whole or part for the publication of works without their permission.

all drawings to be checked on site for compliance of construction details and the amount of building area.

typical dimensions are to be used in preference to scaled dimensions.

no dimensions are to be permitted without your consent of the architect.

all drawings are prepared subject to a full measured and accurate survey of the buildings and site.

an architect's work is subject to the appointment of a structural engineer to calculate and design the structural elements, see planning form no. 18022465.
