

AUTUMN CONFERENCE

LIVING WELL AT HOME

FOR THE EASTERN REGION

Future East

We are a unique membership body, bringing together different perspectives to make life better for older people in the East of England

Our seminar programmes provide an opportunity for the statutory and voluntary sector to work alongside older people to define needs and explore innovative solutions to the challenges faced.

All the information collected on the day is used to produce a comprehensive report on the theme of the day and is widely circulated.

TO BOOK YOUR PLACE:

Please contact us at info@futureeast.org.uk or on 07926592006.

Places are assigned on a first-come, first-served basis.

FRIDAY 19TH OCTOBER 2012 11:00 - 15:30
MEADOWS COMMUNITY CENTRE, CAMBRIDGE

Future East invites you to attend our Seminar to explore how older people can successfully live well at home. Our keynote speakers bring together a diverse range of experiences and knowledge.

We will consider the issues effecting older people and hear many of the challenges and some of the solutions to the problems older people are faced with when planning for the future.

All attendees will have an opportunity to contribute to the discussion and receive a copy of the final report.

Please feel free to bring details of your organisations to share with delegates on our information table.

Keynote speakers include:

Karen Webb

Eastern Regional Director, Royal College of Nursing

Paul Dunnery

Area manager for the East of England Alzheimer's Society

Lynden Jackson

Debenham Project: Dementia—Caring for the Carers
