Current partners – bridging the gap between health & social care

- Mental health - 40 services, 18 local authorities & across seven integrated care systems

NHS Partnerships

- East London NHS Foundation Trust
- Camden & Islington NHS Trust
- Barnet, Enfield & Haringey NHS Trust
- South London & Maudsley NHS Trust

Europe Economics research 2019/20
What they looked at

- **5 Look Ahead service areas**
  - Recovery, rehab, forensic step-down and other support
- **Cost savings**
  - Cost savings of L.A services vs. in-hospital mental health care
- **Benefits**
  - Benefits to Look Ahead service users
- **Illustrative scaling up**
  - Scales up the potential cost savings to the national level

Europe Economics – Key Findings

- Europe Economics estimated that for those services where sufficient data was available Look Ahead's models generate around **£5 million a year** in cashable savings and non-cash releasing efficiencies compared to hospital-based mental health care.

- The potential of a scaled up model across England could be nearly **£1 billion of potential savings** to the NHS and social care

Collaboration

- One of the key objectives of the NHS LTP is developing “new and integrated models of primary and community mental health care [which] will support adults and older adults with severe mental illnesses”
- Development of Integrated Care Systems
- Mental Health Act Reforms
