excellence | aspiration | partnership | trust

About us

- Specialist provider, 50 years of experience
- Over 110 services, London & the South East
- Work across homelessness, mental health, young people and learning disabilities
- Partner to 39 local authorities & health trusts

Challenges to increase supported housing in line with government policy

- Supply of supported housing decreased
- Old buildings in need of investment
- Lack of providers in the market
- Lack of incentive to enter – grant levels, consistency, strategic void

Potential solutions

- National strategy owned by DHSC & Homes England
- Local supported housing frameworks agreed by ICSs
- Higher grant levels
- Strong housing voice at the table
- Must remember sector is wider than older people – 50% of social care spent on working age adults
