Research & Influence

Appleby Blue

- **Age-friendly built environment**
- **Age-friendly with community and support services provision**
- **Age-friendly in our partnerships and collaborations**

Appleby Blue: Age-friendly built environment

Outdoor spaces and buildings:

Appleby Blue

- Provide good quality sheltered housing in city centre
- Not a “retreat” – passersby can see vibrancy of older person lives
- Thresholds of sociability available for residents
- Benefits of green spaces & gardening

Appleby Blue: Age-friendly with community and support services provision

Community support and health services:

Resident Support Model

- Benefit guidance
- Liaison between social services, hospital discharge and care packages
- Outcomes Star

Appleby Blue: Age-friendly with community and support services provision

Social participation

Appleby Blue Community Kitchen and Centre

- Established relationships with charities and organisations in Southwark
- Intergenerational activities
- Research projects

Appleby Blue: Age-friendly in our partnerships and collaborations

Housing

Developing a local housing plan: Serious Game

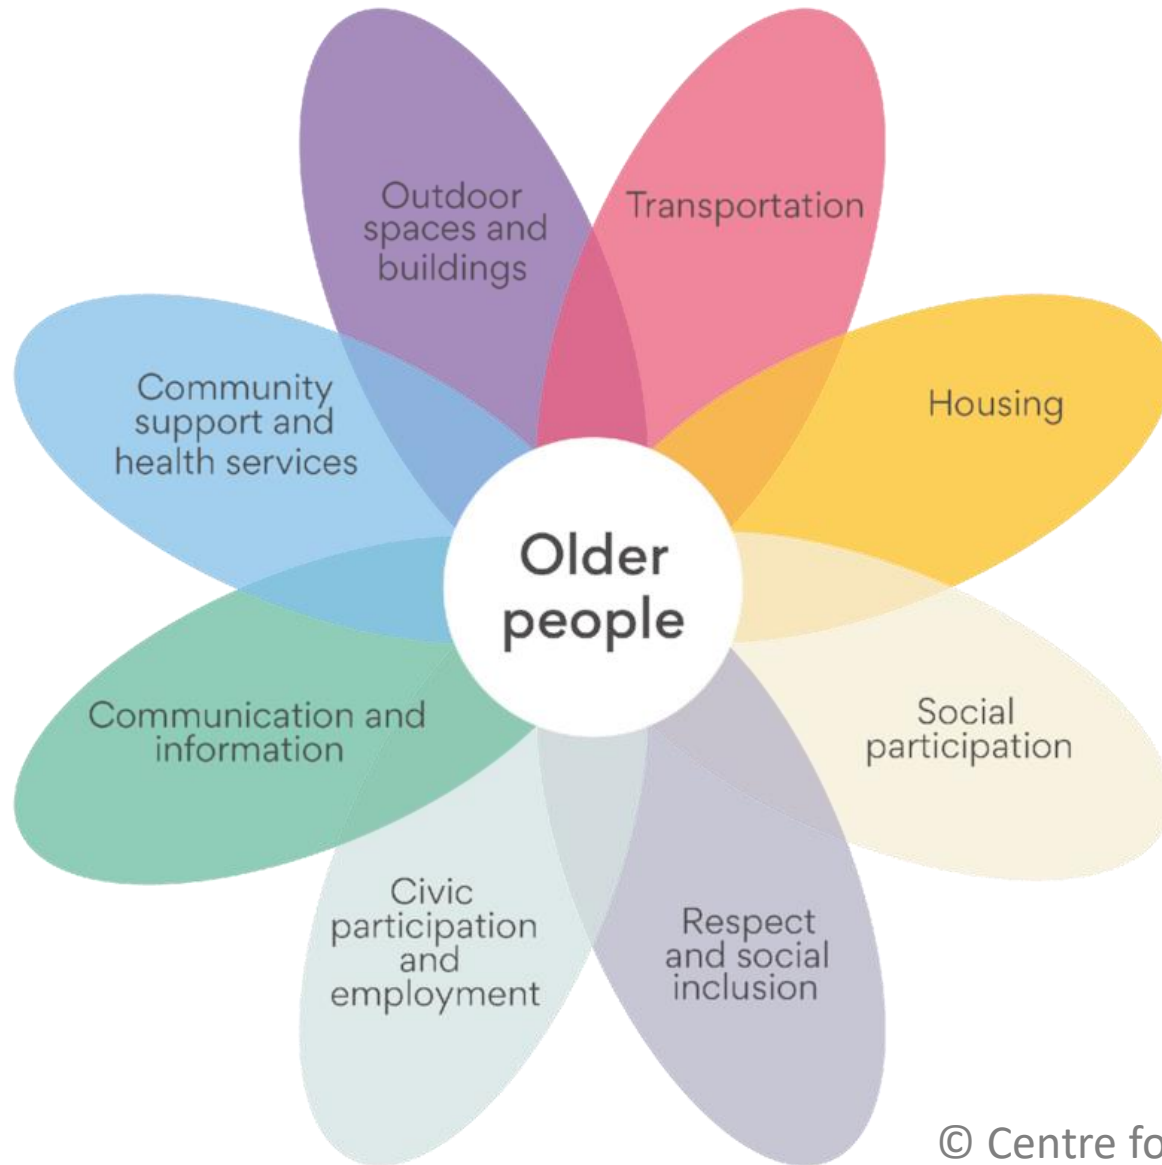

- Working with Southwark Council, voluntary sector, developers, architects, other housing providers/charities
