#HAPPIHour

From caring places to neighbourhood health

The neighbourhood is part of the care system

Age-friendly environments · Madrid, Spain

HAPPI HOUR

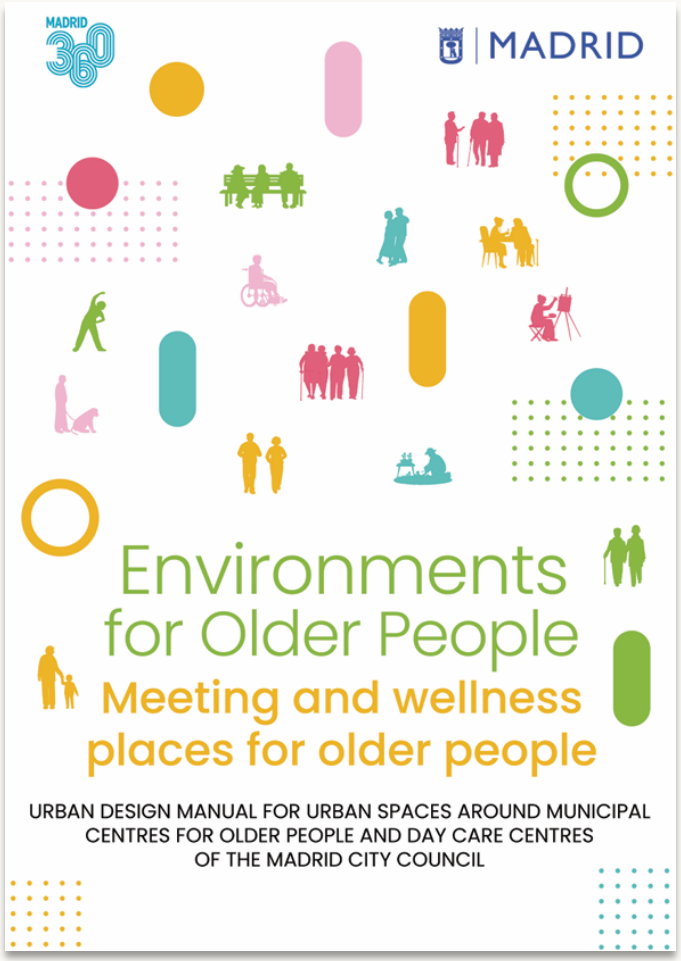

Public space is part of public health

Everyday environments can support prevention, independence, wellbeing and participation.

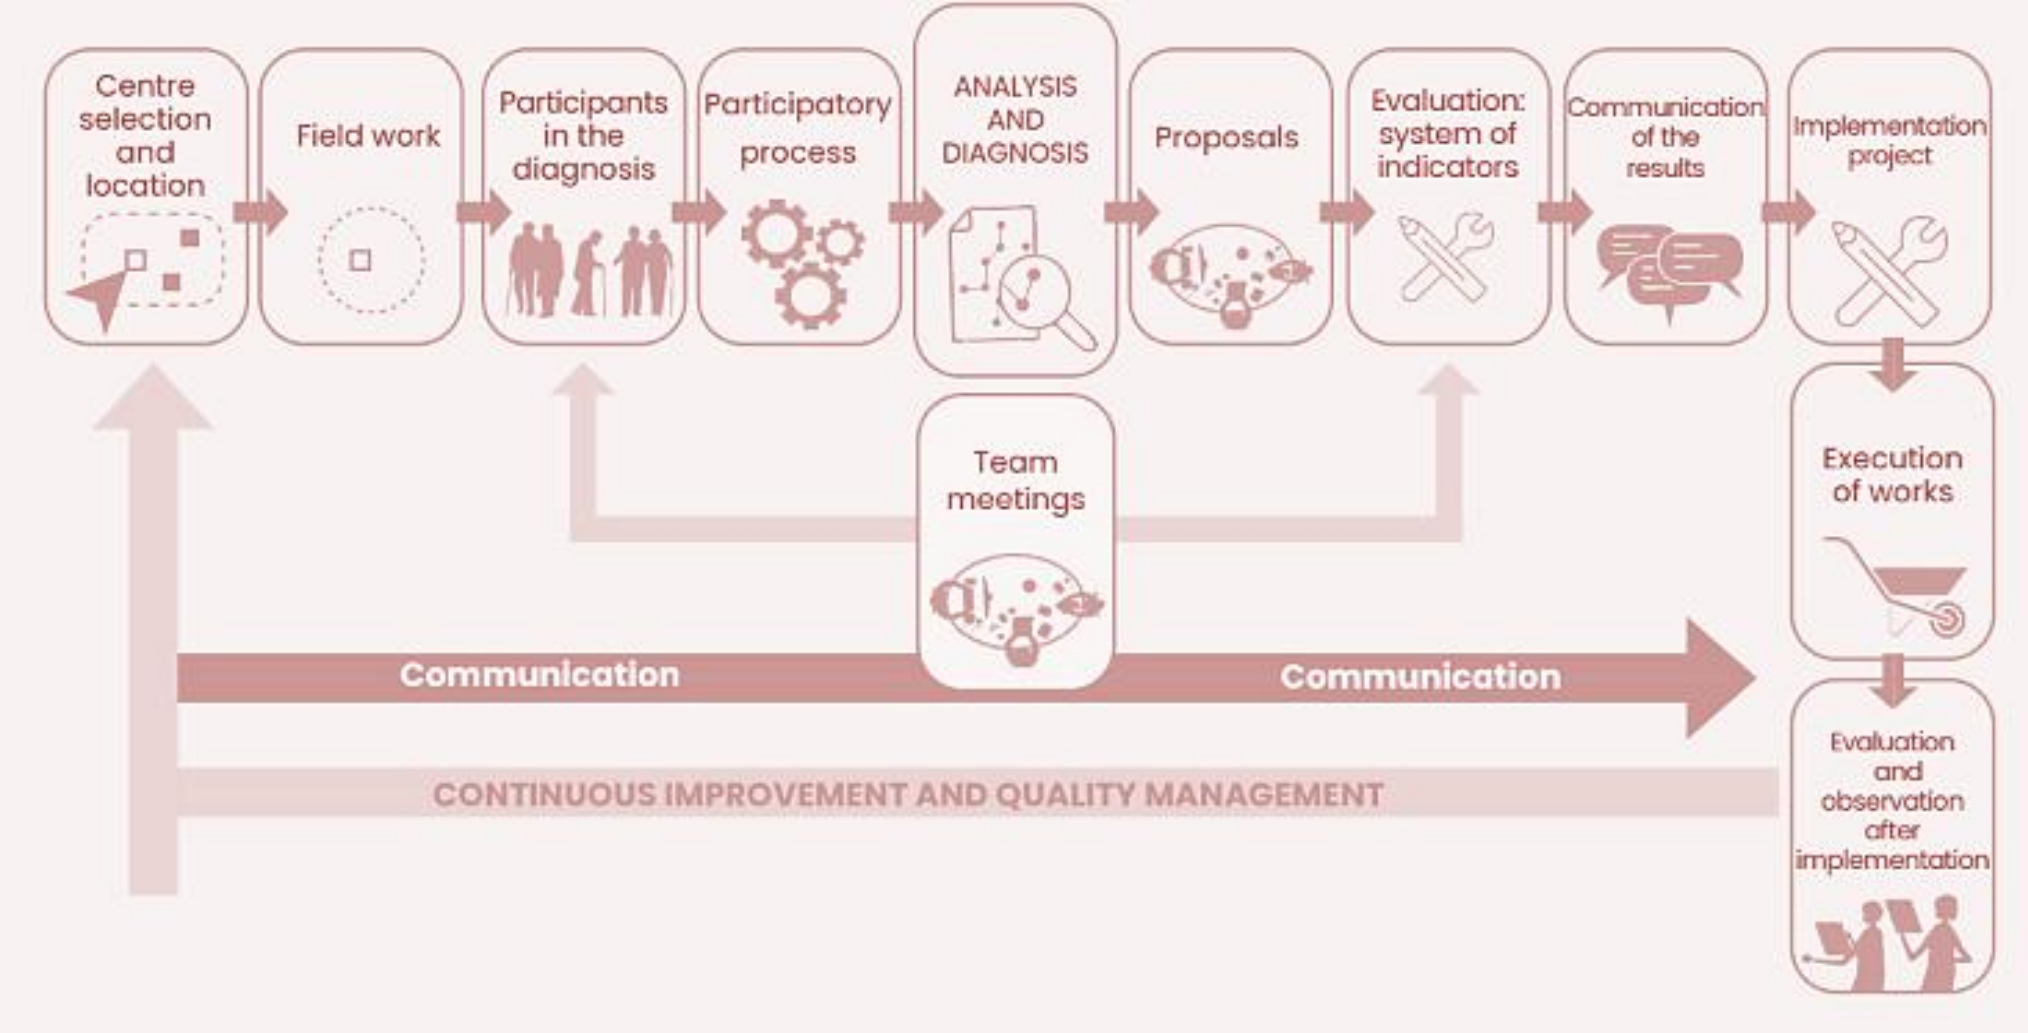

HOME → ACCESSIBLE STREETS → SERVICES → COMMUNITY

Madrid: a method for other places

- 91 municipal facilities considered
- 5 pilot locations
- Participatory, evidence-informed urban design guidance
- Available in Spanish and English

Madrid: a method for other places

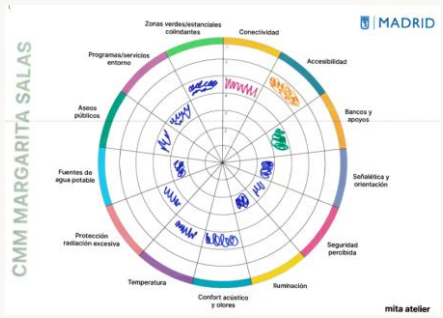

Listening is part of designing

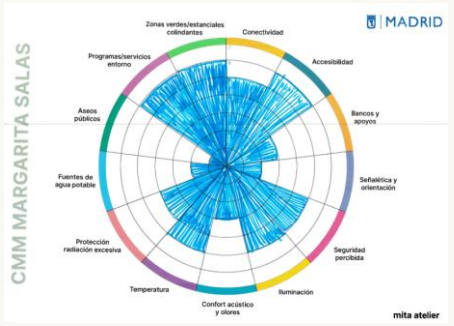

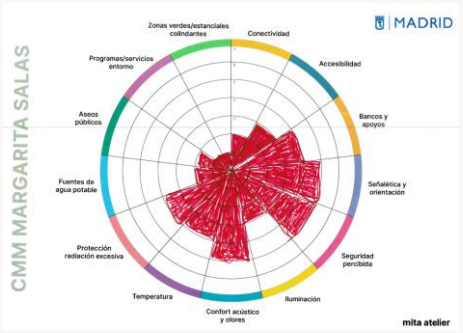

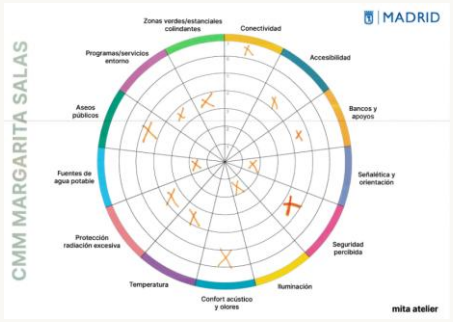

45 participants · 9 workshops / working meetings · 10 interdepartmental meetings

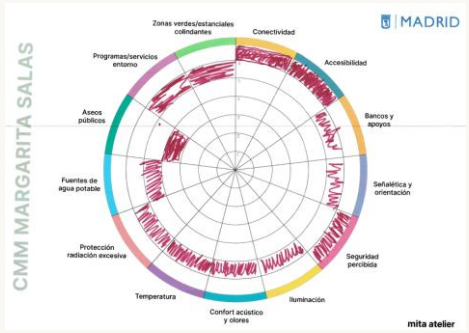

Assess what people experience

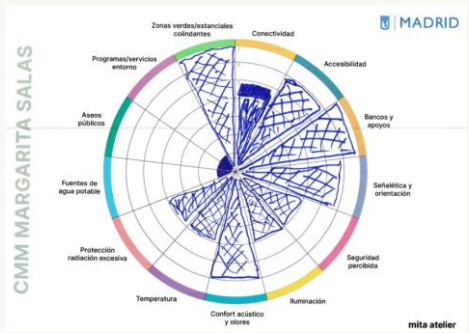

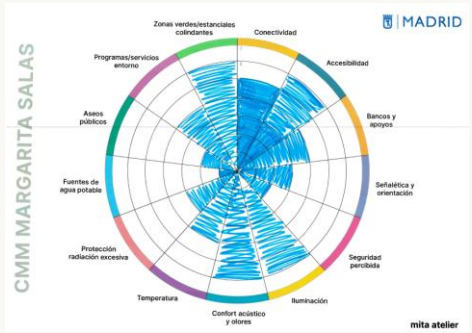

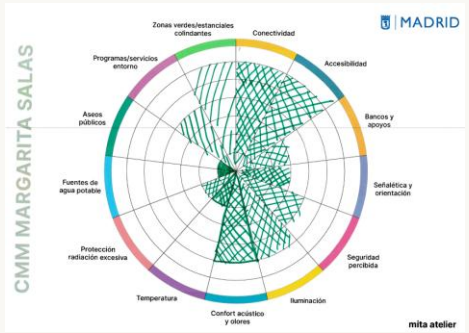

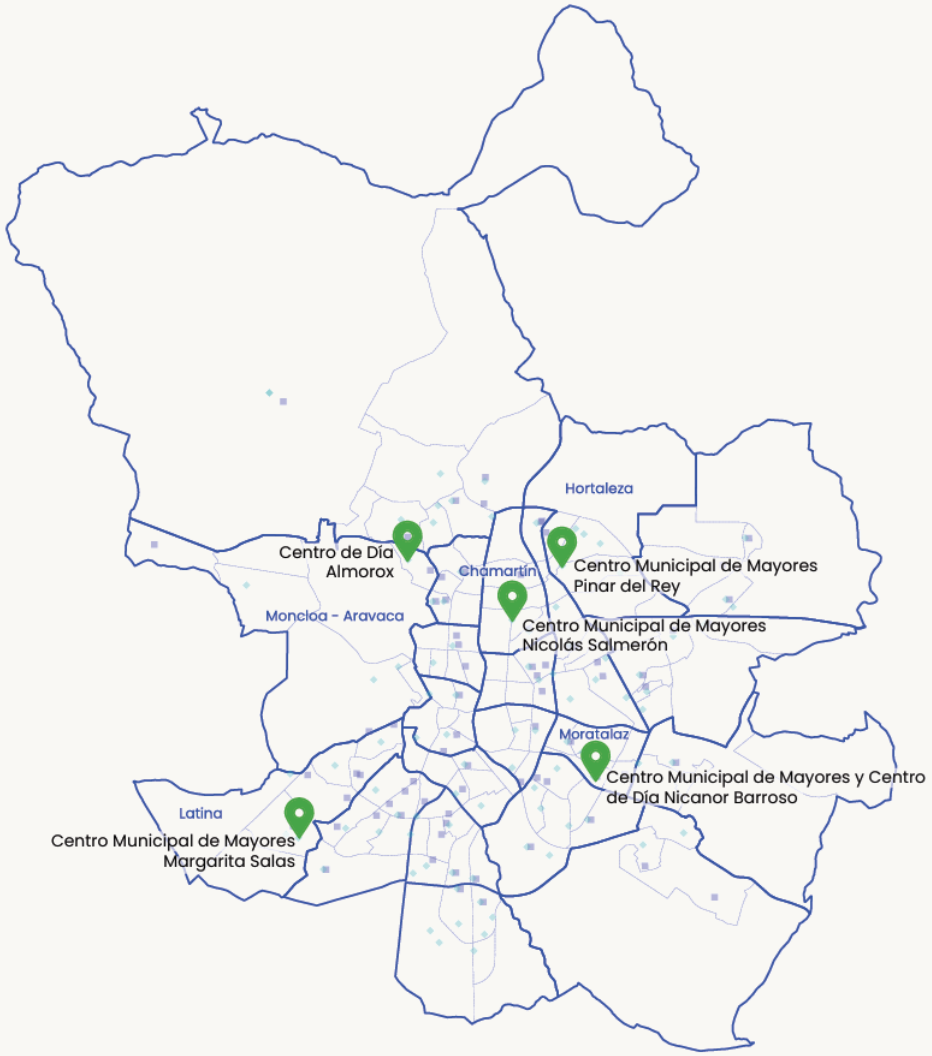

CONNECTIVITY
Walking routes and nearby services

ACCESSIBILITY
Physical and cognitive barriers

COMFORT
Shade, seating and safety

GREEN SPACE
Nature and climate resilience

From the doorstep to everyday life

Safe, legible and accessible routes

Places to rest and meet

Connections to health, shops, parks and community life

Welcoming spaces support social life

Shade & cooling

Nature & permeable surfaces

Seating & intergenerational encounters

Welcoming spaces support social life

Leer Madrid. Diseño: Applied Information Group

Readable signs, information hierarchy, safer crossings and routes that work for everyone.

A pilot intervention: Nicanor Barroso

Existing context

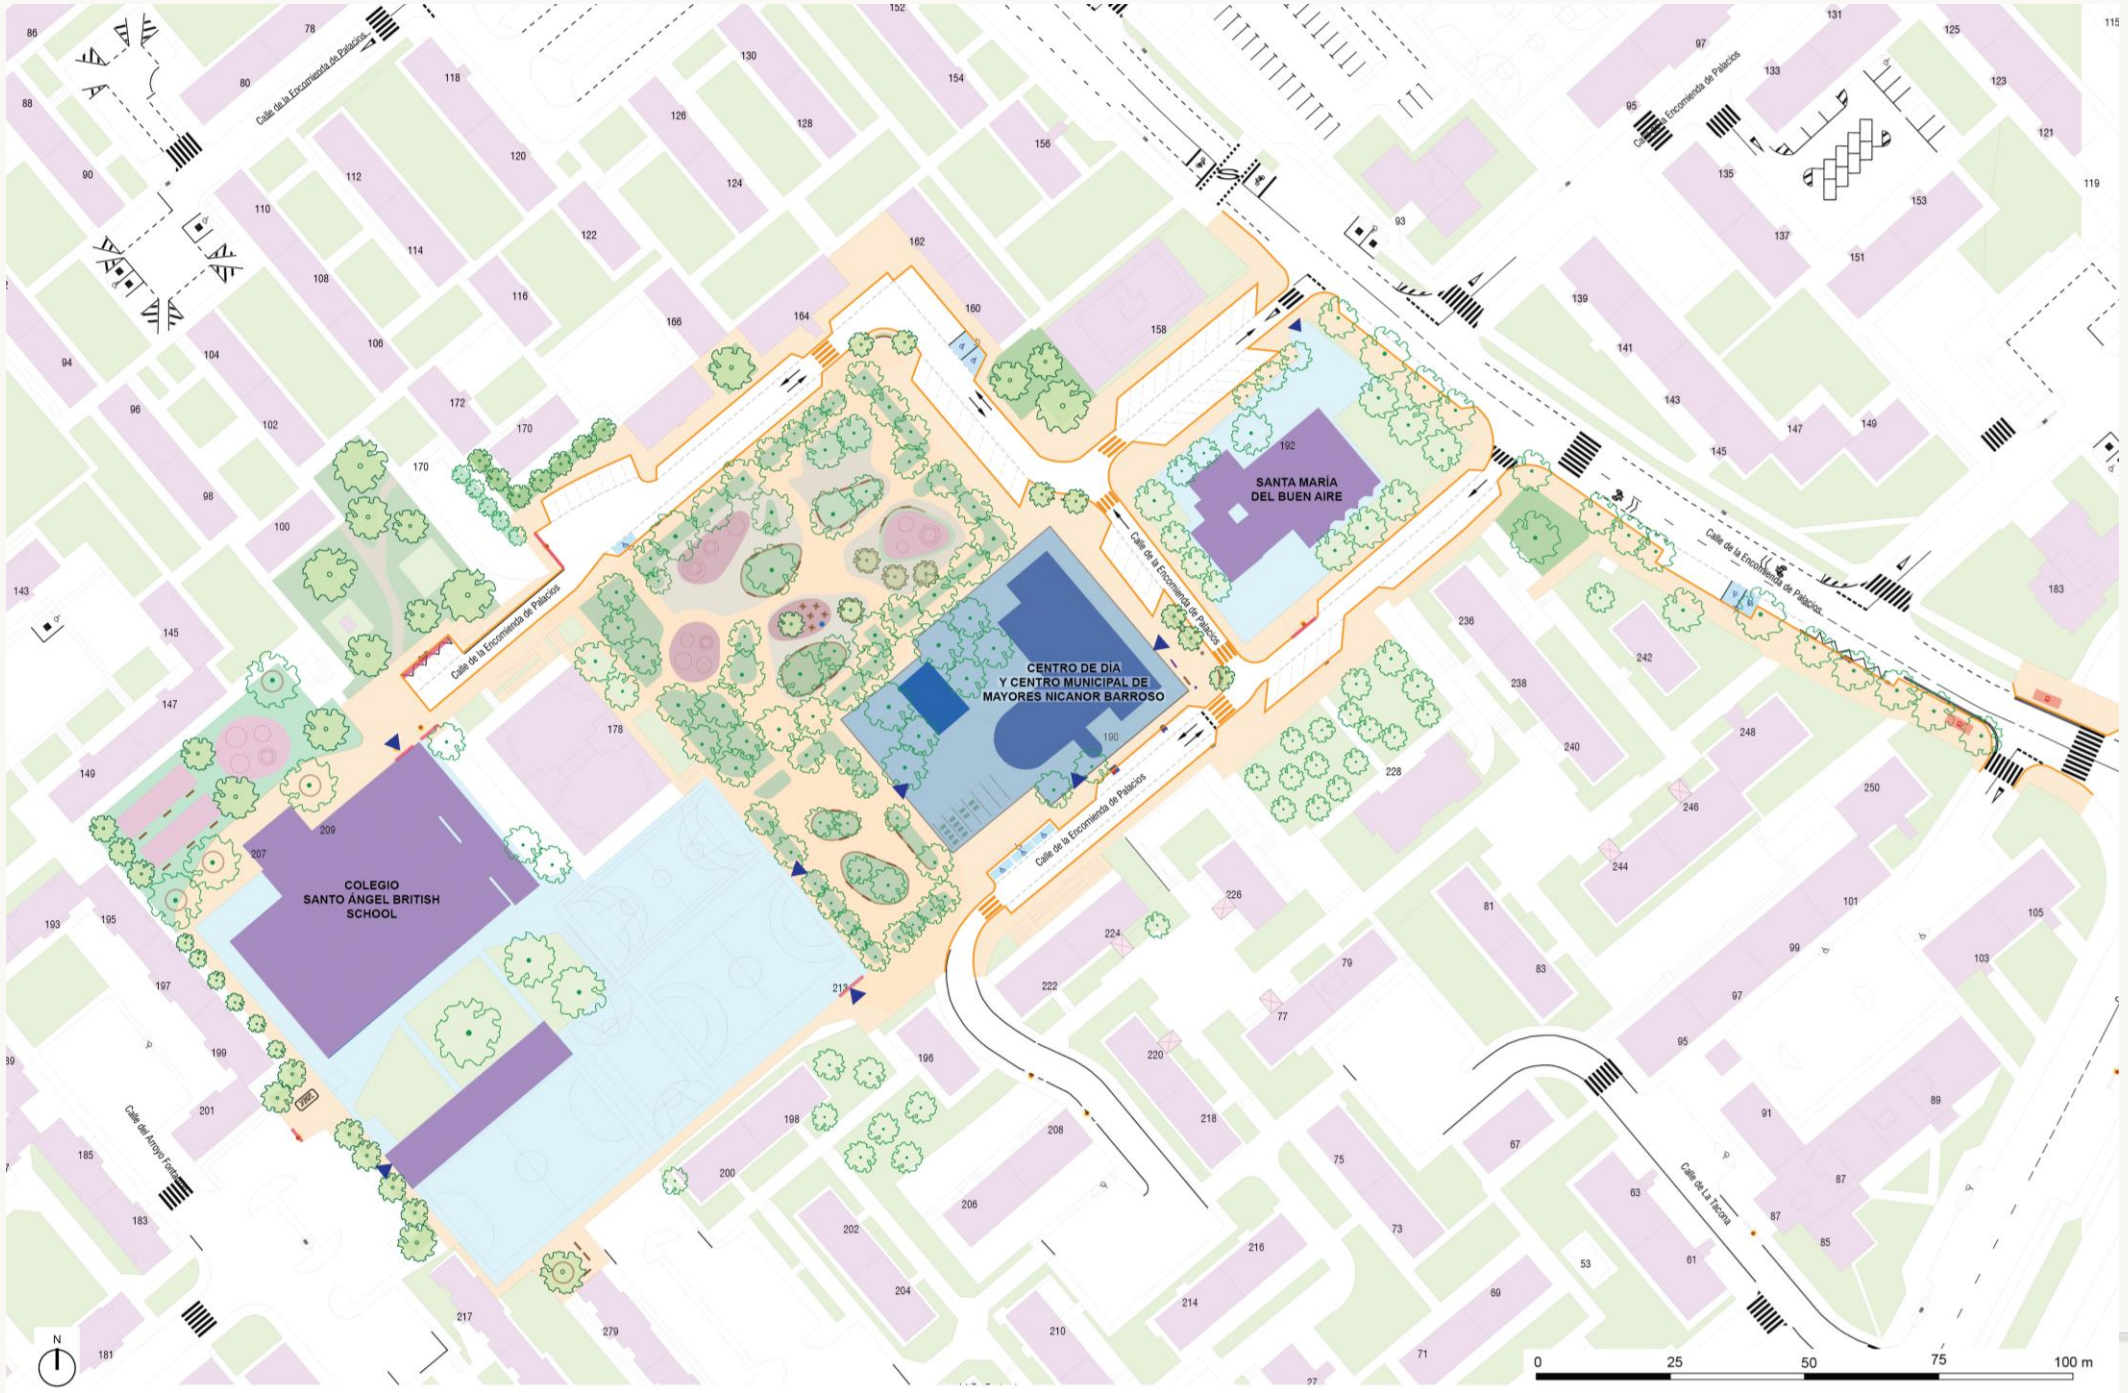

Illustrative design proposal — not a completed intervention

HAPPI HOUR

A transferable method, not a universal blueprint

Ageing well is not just about where we live, but about the places and communities around us.

Listen · Diagnose · Design · Coordinate · Evaluate
