Bathroom adaptations process

Design consultation

Virtual or face-to-face, to discuss what you're looking for and explore different options with one of our accessible design experts.

3D visuals and quote

With just a few measurements and photos of your space we'll bring our discussion to life with a 3D visualisation. We'll also include an itemised quote, including any VAT exemptions if you are eligible.

Product supply with free delivery*

Any products you order from us will be carefully packaged and safely delivered to you.

Installation

We can work with your own installer or we can look after the whole installation process for you from start to finish.

Our service also includes a dedicated Fine & Able Installation Manager to oversee the project and ensure the highest standards are met.

Aftercare

We're on hand by phone, email, and at our showroom to provide support on all your Fine & Able products during and after installation. All Fine & Able products come with guarantees and a spares and replacement service.

What people say

gingerpami YES!! Love this. Discrete, practical and beautiful design

hlcmbe 🌟 Absolutely stunning. This bathroom is a disabled persons dream! 😊

vickys_wheely_curvy That's more like it! So bored of beige & functional only accessible spaces.

robyndheharris As an Occupational therapist and someone who has lived experience of disability this makes me so happy on so many levels!! 🥰👏👏

chloe_amber87 Can't wait to see this in our home! The team have been fantastic to work with, cant reccomend enough. 🙌🙌

cfreebee16 We are just 1 month into the journey of a spinal cord injury. Your posts and how you've helped families with this are inspiring. Thank you for doing what you do and being a light.

prilly84 I'm an Occupational Therapist and I absolutely love looking at all your pictures and designs! Proof that practicality can still be beautiful 😊

jamesremain Thanks again @fine_and_able can't wait for the vision to become a reality 😊

shannonigans_murray Love what you do, such beautiful and accessible design makes a huge difference. When I was injured back in 1990 I was very lucky that a family friend was an architect and he designed the bathroom of my teenage dreams, accessible and neon pink! Looking forward to working with you when I have my new place next year. 🌟

sofisworld I think this is possibly the most beautiful bathroom I have ever seen.

Outcomes & the business case

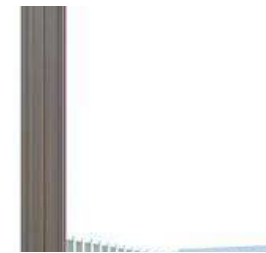

Resident Benefits

- ✓ Enhanced access and safety
- ✓ Improved aesthetics impacting well being for users and carers
- ✓ Greater independence at home
- ✓ Intuitive and easy to use fixtures and fittings
- ✓ Easier maintenance and cleaning
- ✓ Choice & personalisation

Local Authority Benefits

- ✓ Resident safety and independence
- ✓ An option for private payers
- ✓ Reduce waiting lists and focus resources on residents with more complex care needs
- ✓ Reduced hospital visits
- ✓ Health & social care budget savings

My house is me and I am
it. My house is where I
like to be and it looks like
all my dreams.

Old House

NEW HOME

Series 7
Wednesday 1st December
Channel 4, 8pm
#OldHouseNewHome

A collage of six smaller photographs showing different parts of the house. Top left: A smaller view of the exterior bay window. Top middle: A bedroom with a bed and a window. Middle left: A living room with a blue sofa and a fireplace. Middle right: A kitchen with a man and a woman standing in it. Bottom left: A dining area with a round table and chairs. Bottom right: A large open-plan living and dining area with a blue sofa and a dining table.
