Homes should be a haven, not a hospital

Ask for help.
Not because
you are weak.
But because
you want to
remain
strong.” ~ Les Brown

**1 million homes
do not have the
adaptations they
need!**

**More than 90% of older people live in
mainstream housing, and intend to stay there.**

FIT FOR OUR **FUTURE**

Fit for our Future is a campaign
to change the perception and delivery
of aids and adaptations.

We want everyone to have a home that's sustainable, safe
and promotes dignity as their needs change.
