 When reproduced correctly at 1:1 this scale should be accurate in millimetres  
 Significant risks are not necessarily those that involve the greatest risks, but those, including health risks that are:  
 a) not likely to be obvious to a competent contractor or other designers;  
 b) unusual; or  
 c) likely to be difficult to manage effectively.  
 Significant Health and Safety Risks:  
 - Locate and mark buried services prior to commencement.
